

**Update** – **Local Resident representation on the PQLG** (Penderyn Quarry Liaison Group) as per Cllr. G Thomas following discussions with J Radcliffe

Due to community representations regarding the need for wider communication, we are to revisit the nomination of residents with the intention to increase the number to four; publish on local social media and via public notices for nominations; If there are more than four nominations then there will be a form of selection by local residents.

This will need to be ratified at the meeting planned for the 26th November before the detail is circulated to recommence that process. Formal business meetings of the Penderyn Quarry Liaison Group will not take place until the New Year.
